## Nashville – Southern Harmony – February 26-28, 2004! ACDA Southern Division Convention

The theme of the 2004 Southern Division Convention cites the remarkable book **Southern Harmony** published by William Walker in 1835, but also points to the many other traditions in which 'southern harmony' exists. Opportunity will be provided to "harmonize" through listening to concerts, participating in interest sessions, socializing with old and new friends, observing outstanding colleagues and visiting a great city.

Concert sessions at First Baptist Church and the War Memorial Auditorium. Interest Sessions, Exhibits and the All Convention Party at the Nashville Convention Center.
